

# Fall and Winter Gardening

## Yvonne Savio

### California's Ultimate Gardening Resource

**Wednesday, September 23, 2020 at 2:00 p.m. Via Zoom**

**Gardening journalist, Yvonne Savio**, is a leading authority on California gardening, where she has worked throughout the state starting and revitalizing Master Gardener Programs. Her work with community gardens gained recognition by the White House and she was named Horticulturist of the Year. Yvonne keeps gardeners informed and in touch through her website, [gardeninginla.com](http://gardeninginla.com).

At this Garden Club meeting Yvonne Savio will tell us why it's the perfect time to plant each of the edibles and ornamentals on her hand out, as she describes each one. This is the information every gardener needs as we head into our cooler season.

Yvonne's hand out and Zoom instructions will be emailed to each member.

Membership information is available on the Garden Club page of the Village Website.
