Through April, GRF was worse than budget by $79K primarily due to:

- **Trust Facilities Fees** – transitional period of fee changes, increasing from $2,500 to $5,000 for new escrows opening after January 1. Receipts in Q1 primarily reflect prior year escrows closing at the lower fee amount. The current month ran a slightly favorable variance.

Some offsetting favorable variances included:

- **Employee Compensation** – lower medical expenses and fewer non-union retirement contributions than budgeted.
- **Professional Fees** – lower audit and tax fees. The engagement for 2017 financial audit was negotiated at a lower rate than budgeted.

Chair's Remarks

Chair Perak stated she enjoys attending the CAC meetings. The Recreation dashboard shows a variety of events meeting the needs of a variety of different residents. Chair Perak thanked the Recreation Department.

Report of the Recreation and Special Events Director

Mr. Gruner highlighted past Recreation events beginning with Easter at the Equestrian which hosted over 500 attendees indicating that Recreation is meeting the needs of the residents. The Village Bazaar was held on April 7 and sold out vendor tables. Village Games was hosted in April to return the event to the spring. There were 376 participants, with 40 participating in the 5K as a new event. Staff will be reviewing the Senior Summit event which was held on April 20. With 1200 attendees, the event seemed overcrowded and had parking issues. Recreation may incorporate this event into
the Recreation sponsored Health Expo in March, 2019. Both the Kentucky Derby and Cinco de Mayo events were held on May 5 and each had 160 attendees.

Mr. Gruner informed CAC on upcoming events. The Men’s Golf Club will host their Annual Memorial Golf Tournament on May 12 with 180 participants registered. Lawn Bowling has an open house on June 2 at 10 a.m. Since February, 1,365 residents have used the lawn bowling greens, but Recreation would like to continue to work with Lawn Bowling to host more events. Super Senior Men’s Nationals begin on Monday and continue through Saturday at the Tennis Center. This tournament has been held for about 10 years.

Mr. Gruner informed CAC on operational updates such as the upcoming club facilities operations meeting at Clubhouse 7 on May 11 at 1 p.m. These clubs will meet to discuss how to represent the community through events and building a solid relationship between Recreation and clubs. The pickleball construction project contract has been awarded, but no start date has been announced. Recreation is working with the Garden Club to ensure policies are adhered. Leasing the garden plots remains a priority with only 15 remaining at Garden Center 2 and several tree plots available at Garden Center 1. Ten waiting list registrants are called every other day to choose plots.

Spraying for weed control is also being addressed at the Garden Centers. The water shut off at Garden Center 2 has been resolved and the water is back on. Equestrian Center staff has been enforcing policies and procedures. The Club President’s meeting will be held on June 8 at 1 p.m. in the Board room. New pool furniture and new patio furniture has been ordered for Clubhouse 1.

Emeritus classes will be reduced by five classes in the fall, all of which had very low attendance with even lower resident attendee numbers. Assessment of these classes will be done in hopes that Recreation may offer those classes. The Recreation Department continues to host staff training classes to help staff handle difficult situations. The Armed Forces Adoption Committee is struggling to get members, but will continue to recruit members at Recreation events.

Chair Perak inquired about club facilities operations meeting clarification and the attendance of CAC members at the meeting. Mr. Gruner clarified the direction of the meeting and stated the Committee members are invited to attend.

Director Skillman inquired as to the Easter event parking. Ms Murphy commented the attendees parked in the employee parking lot and were shuttled to the Equestrian Center for the event. Director Skillman stated Recreation should consider working with Eileen at the Memorial Day event.

Mr. Gruner stated Recreation will be at the event recruiting for the Armed Forces Adoption Committee. Mr. Gruner also stated the adopted Regiment will be at the Memorial Day event. Director Skillman stated it is important for CAC members to attend the club facilities operations meeting on May 11.

Ms. Murphy wished all mothers Happy Mother’s Day. The Mother’s Day Buffet event sold 268 tickets. May 19 is Water Safety Day from 11a.m. to noon. Families are welcome at this free event will host a local fire station, Premier lifeguards, hot dogs, lemonade while supplies last. Memorial Day at the Performing Arts Center will showcase the All-American Boys Choir at 1 p.m. Attendees will need a ticket for entry, but the event is free. Thirty-two artists have already registered for the free Art Affair event on June 6 at Clubhouse 2, 2 to 6 p.m. and there will be food trucks, jazz by the Woods Trio, painting demos and wine tasting while supplies last. The Patio concert series begins on June 7 at Clubhouse 1 with Taylor Made, a tribute to James Taylor. There have been 104 tickets sold already. Tickets go on sale May 21 for the Father’s Day brunch on June 17 at Clubhouse 1, 11 a.m. to 1 p.m. The 90’s luncheon will be at Clubhouse 5 on June 19 with tickets on sale May 17. June 30 is the Summer Horse Show at the Equestrian Center. Chick-fil-A will be selling their sandwiches 10 a.m. to 11:30 a.m. and drill teams will attend from Norco. This is a free event and the employee parking lot will be utilized again. The annual 4th of July free event will host fireworks.
again this year that will be "bigger", a fun zone for families, food for purchase and music. There were close to 2000 attendees last year and Recreation is reviewing logistics for safety for 2019. Recreation rolled out a dozen new classes with most doing well. One Yoga class has been cancelled due to low attendance, but another Silver Sneakers class was added. With Silver Sneakers, the insurance company pays the instructor and residents do not have to pay for the class. An indoor cycling class will be added with a new instructor on June 5 at Clubhouse 5. Due to expected popularity of spin classes, Recreation will introduce four free classes that residents may register for a trial basis.

Director Phelps asked if spin class will be a sign-up. Ms. Murphy stated the information will be in the Globe and residents may call Recreation for details.

Mr. Gruner commented the fireworks for 2019 are "less loud," 10 minutes in duration and will be displayed about 100 feet higher.

Mr. McCray stated Mr. Cincotta could not attend CAC today, but Mr. Cincotta reported that the aeration is complete. Improvements for the golf courses include new tee signs at Par 3 that were completed in house, installment of new indicators of where yardage begins, and poles will be straightened. The 27 hole course improvements will include new tee signs using original tee stakes, replacement of all hazard stakes, and yardage markers in the middle of all the fairways will be marked with improved markers. The driving range may be remodeled and plans are being drawn up. The putting green area will be updated with the relocation of batting cages to the pickleball area. Mr. McCray stated that electronic tee time scheduling is in place. Staff is looking to get online tee times for the future, however, lottery will continue as is due to effectiveness and fairness in scheduling. Upcoming educational events include a short game clinic for the 9-hole ladies club today (Golf has hosted 5-6 clinics to date and continue to receive positive feedback), putting instruction, and two demo days (Ping and Honma) coming next week. Summer junior camp is in discussion to be hosted at the golf course. Golf will host one session and limit number of participants to 12 children, ages 7 to 12. A twilight golf tournament will be held on June 24 and will be promoted in a different way to get more participation. A leisure league at the Par 3 course was started on alternate Thursdays and has a barbecue after play. This league is still building participation, but seems to be well received. Sean Anthony will be starting next week as a new golf professional.

Director Phelps inquired about how we are funding these new projects. Mr. Gruner stated we are just in the preliminary stages and some are listed in 2019 capitals. Director Phelps inquired about clubs only able to attend classes/clinics. Mr. McCray stated he targets the clubs individually at this time. Mr. McCray stated he is open to inviting others, but will still need to limit invitation list as to not discourage them from attending due to overcrowding. Director Phelps stated many residents have commented that the course looks very nice.

Director Rothberg inquired about check or credit cards accepted for payment. Mr. Gruner stated we take all funds through ActiveNet. There is a processing fee, but that fee is not assessed to the resident.

Mr. Cripps stated this has been the most exciting year for the Performing Arts Center. A new state-of-the-art projection system has been installed in the theatre. It is low maintenance as it does not need lamp replacement, is laser based and was installed by staff. The full installation will be completed in 2 phases: first phase is complete (projection) and second phase will have a new modular projector to bring us into the technological future. Professionally supporting the outdoor
concerts has been made possible with the purchase of special equipment that is used for outdoor use and a portable, shaded stage. This stage is much safer with set up able to be done by 1-2 staff members instead of 3-4. The New Year’s Eve event at the Performing Arts Center was extremely well received and seasonal events will be hosted four times a year. These seasonal events will have VIP seating with extra perks while less expensive seats will be available for those who do not want VIP seating. May 12 is the Swingin’ with the Big Bands show at the Performing Arts Center. June 2 showcases Carla Cook, daughter of Sam Cook, and she will be celebrating her father’s music.

Director Zalon inquired about the New Year’s Eve show entertainer. Mr. Cripps stated the entertainer was a Paul McCartney tribute.

Chair Perak inquired about the second projector’s ability to project behind the actors on stage. Mr. Cripps stated yes. She asked if this is within our budget for this year. Yes, per Mr. Gruner. Mr. Cripps stated staff has been very conscientious in purchasing items that can be utilized with the upcoming renovation.

Director Phelps stated she and Mr. John Parker met with a fundraiser. She will provide Mr. Gruner with the contact information.

Director Skillman is very excited about the four seasonal shows. She stated that Simon and Garfunkel type of shows (folk shows) should be highlighted more. Mr. Cripps agreed.

Director Zalon observed that this new technology would enable the Performing Arts Center to manipulate film images in a way similar to how professional studios manipulate images in feature films.

**MEMBER COMMENTS (Items Not on the Agenda)**

Andre Torng (389-Q) commented on Performing Arts Center performance ticket prices versus outside theatres and online capability for room reservations.

Director Zalon responded that there are those artists who will work for a fraction of what big name performers make, but whose talent is at a similar level. He also stated Recreation is doing a great job.

Mr. Gruner stated that Recreation is close to launching an online system to allow residents to see availability of rooms for renting. Online registration is further in the future.

Chair Perak stated she is concerned that some may take advantage of the online system. Ms. Murphy stated the same policies and procedures will apply to maintain compliance.

Director Blackwell inquired about verification of resident ID for reservations. Ms. Murphy stated we are currently working with Mr. Holland to ensure only residents may reserve a room.
